

Material Safety Data Sheet

Manufacturer Life jackets:

Baltic Safety Products AB
Industrivägen, Box 60
SE-54502 Älgårås
Sweden

Supplier Co² gas bottle

Isi Components GmbH
Kürschnerg. 6A
A-1217 Wien
AUSTRIA

Identification:

Product Name: **INFLATABLE LIFEJACKETS**

Hazard identification:

Contains small compressed Co² gas which may vent from cylinder or inflate the lifejacket if heated excessively or under fire conditions. The Co² cylinder are dangerous goods and shall be kept away from children and not misused.

First aid Measures:

If contact with Co² gas

- Inhalation: Provide patient with fresh air and seek medical advice.
- Eye contact: Irrigate thoroughly with water and seek medical advice.
- Skin Contact: Wash with soap and water.
- Ingestion: Do not induce vomiting. Seek medical advice.

Fire fighting measures:

Extinguishing media:

Water, Carbon Dioxide, Dry Chemical powder or appropriate foam.

Unusual Hazards:

Packed appliance may inflate without warning under fire or excessive heat conditions: Use care in confined spaces as inflated appliances will be several times larger than original package.
May form harmful fumes under fire conditions.

Handling and storage:

The lifejacket shall be inspected and serviced annually by Baltic service station.
Store the Lifejacket in a well ventilated dry area.
Temperatures lower than 5°C can prolong the inflation time.

Disposal:

Remove as domestic waste.

Transport Information:

UN Hazard Division Code
UN Number
UN Name
Label

9
2990
Life-saving, self inflating
None
